World Championship Umpiring Photographic Records

In 2011 the ISF Umpires Commission commenced this legacy project to collect available photographic records to add to its' then World Championship/Olympic/World Games umpire records. Available umpire crew photographs have been sourced mainly from private collections. Umpires present at the time were identified as best as memory has allowed, and those missing from these photographs, but in attendance, are recorded. Where crew photos are not available crew montages have been created. Previous progress issues of these collections were made by the ISF in 2013 and again by the WBSC Umpires Commission in early 2022.

We would like to thank the many past and present World Championship; Olympic and World Games umpires for sharing their treasured memories, and those families and National Federations that have also contributed.

This first Global issue of "**Blue Records**" includes all the records we have been able to source to date and is issued in four separate volumes.

- Volume One** - Women's World Championships/World Cups
- Volume Two** – Men's World Championships/World Cups
- Volume Three** – Olympics and World Games
- Volume Four** – Junior World Championships/World Cups
